WHY SUPPORT?

By sticking to a no-cost policy, Childhood Cancer Support seeks to remove the emotional and financial stress of living away from home. The main focus is to provide stability to the lives of children and their families through the provision of not only accommodation but also transport and other social activities for the whole family. Most families are flown in from various regional locations therefore are in a totally new environment without a home, any mode of transport and no family support network. The average stay for our families is approximately a demanding and challenging 6-10 months.

HOW YOU BENEFIT

Workplace Giving responds to one of the most significant challenges faced by Childhood Cancer Support – finding stable and low cost sources of funding to support the services the organisation offers. It creates true corporate citizenship and fosters a partnership between businesses and their employees, aiding long-term staff retention. You are able to create a positive work environment, boost morale for you, your employees and workplace through supporting the local community and helping to make a big difference to the lives of children and their families impacted by cancer.

INFORMATION FOR EMPLOYERS

WHAT IS WORKPLACE GIVING?

The process of making regular automatic donations to Childhood Cancer Support through your payroll system pre-tax. Workplace Giving is one of the most cost effective ways to donate and is also a highly visible way of showing your organisation's support for Childhood Cancer Support.

WHO WE ARE AND WHAT WE DO

Childhood Cancer Support is a family focused, not-for-profit organisation who, for the past 40 years, has been dedicated to providing families affected by childhood cancer with a place to live that looks and feels like home. The organisation was founded by a dedicated group of parents who realised there was an urgent need to provide a safe and family-focused environment for regional families, specifically from Queensland and Northern NSW, whilst their child undergoes life-saving cancer treatment. Childhood Cancer Support has now grown into a seven-house facility comprising of 17 fully self-contained units, and 3 short-term rooms, that provide parents with an accommodation alternative located close to the Lady Cilento Children's Hospital.

Other services include:

- Onsite Family Support Officer
- Free pick up and drop off shuttle service from our multiple accommodation facilities, hospital, shops and airport
- Regional support networks through our regional ambassador program
- Med-long term fully self-contained units
- Short term accommodation for overnight stays
- Recreational and therapeutic activities and services

OUR VISION

That all regional families have equal access to accommodation and tailored family support services to help them cope when their child is diagnosed with cancer.

WHAT MAKES CHILDHOOD CANCER SUPPORT SO UNIQUE?

Childhood Cancer Support is the only accommodation provider in Queensland that specialises in accommodation specifically supporting paediatric oncology children (0-18yrs) and their families. The organisation provides families with a community that cares because it is recognised that this is a battle that cannot be fought alone.
